SHOE FACTORY IS PROPOSED FOR LOUISA.

Manufacturing Enterprise May Locate at This Place Very Soon.

A number of Louisa business men yesterday met a shoe manufacturer who would like to install a factory here for making a certain line of shoes. After a thorough discussion of the matter it was decided that conditions are unusually favorable for such an enterprise at this point and it looks like the project will materialize very soon. It would employ about fifty girls.

We do not consider it wise at this stage of the game to publish all the details of the proposition. Within ten days it is hoped to have the matter definitely settled as to whether or not the factory will come to Louisa. An investigation will be made by a local company.

DEATH OF MRS. D. W. JOHNS.

Mrs. D. W. Johns, who had just passed her 90th birthday, died at the home of her son, D. H. Johns, in Litchfield, Minn., March 15. The residents of Louisa who were there at the time of the civil war will remember that D. W. Johns and family moved from their farm two miles up the river above Louisa to Minnesota, in June 1864. Of the large family of children only D. H. and W. H. Johns, of Litchfield, survive. Numerous cousins and other relatives are living in the Big Sandy valley, some living in this city.

BLUE EYES.

FOURSCORE YEARS.

Mr. Rowland T. Burns celebrated his eightieth birthday last Monday. He received congratulations from many friends on that day, but possibly he did not receive any remembrance that he appreciated more than a lovely bouquet of carnations, forty white and forty-one red, from the Sunday School of the M. E. Church South, where he served as superintendent for about 30 years. The flowers were presented by A. Snyder, M. S. Burns, H. C. Sullivan and Rev. B. M. Keith, a committee representing the school. Mr. Sullivan made the presentation speech in a few well chosen words expressive of the great worth of life and labors of Mr. Burns. Mr. Burns, although very feeble, responded in a very beautiful and touching manner.

DR. MUTOHLER.

Dr. Fred Mutchler, U. S. Agent Kentucky Agricultural Extension, was in Louisa and met the farmers at the courthouse. He gave a good talk in a conversational and business way and made an excellent impression. The doctor explained the county demonstration matter fully and clearly, setting before his hearers precisely what the county agent would do and how it was to be done. His coming had not been announced, hence his audience was small. On Tuesday morning he visited some orchards and some arable land for the purpose of ascertaining their fitness for clover demonstration and peach experiment. Dr. Mutchler will be here again in about 30 days, and if his exact date can be learned in time the NEWS will advertise the meeting and do its best to have a big crowd meet him.

FUNERAL ON FRIDAY.

The funeral of Mrs. Ezra Hatten occurred on Friday last, with services at the M. E. Church, conducted by Revs. Keith and Plummer, of this city, and Rev. Bryan, of Port Gay. A very large audience assembled to pay a last tribute of respect to a worthy woman. Interment was made in Fulkerson cemetery.

While attempting to save the life of Miss Dixie Blackburn, his sweetheart, whose foot was caught in a railway trestle near Williamson, William McCoy was struck by a train and tossed into a ravine 50 feet away. Miss Blackburn was killed instantly and McCoy died later.

DISASTROUS FIRE AT RICHARDSON.

Store Building and Residence of John H. Preston Burned.

At an early hour on Monday morning last the handsome two-story frame residence of John H. Preston, directly across the river from Richardson, 18 miles above Louisa, was discovered to be on fire. The frame store building, some fifty feet away, was seen in flames and both structures were burned to the ground. A few household articles were carried from the residence, all that was saved. The residence and its contents were valued at about \$3,000, on which Mr. Preston had \$1,000 insurance. The property was formerly owned and occupied by McDonald Preston.

Several raftmen had stayed overnight at the home and the family had gotten up early to prepare breakfast and the fire was discovered while the meal was being cooked. It is said that the fire originated in the second story and was caused by a defective fuse.

Mr. Preston is conducting a general store in Richardson, where he will now reside.

BLEEDING HEART.

WILL GIVE ENTERTAINMENT.

The Louisa Baptist Church has secured the services of Miss Katherine Froese, the well known musician and vocalist of this city, and Mr. Nelson Weedon, the accomplished pianist and singer of Ashland, for a musical entertainment to be given in Louisa on Friday evening, March 27th. The concert will be given for the benefit of the church. It is unnecessary to speak to the people of Louisa concerning the artistic worth and ability of Miss Froese. Her voice, naturally fine, has been cultivated by the best voice trainers in the United States, and she does infinite credit to her instructors.

Nelson Weedon has but few equals as an entertainer. He is at home on the piano, and his splendid voice, in all sorts of songs, is a fit companion. He has received numerous flattering offers of acceptance of which would take him from Ashland, but the people there "see the rale" and Weedon doesn't go. A programme of exceptional worth has been prepared for the coming event which will be referred to later. One or more local amateurs may be asked to assist the stars.

FELL DEAD.

On Tuesday morning last Ross Boggs, aged about 40 years, dropped dead at his home on upper Lick Creek, six or eight miles from this city. He had arisen early and was getting ready to go to his work at Torchlight, when he said he felt bad, sank to the floor and expired. He was hurried on Wednesday near his home. The deceased was a son-in-law of H. W. Castle and was a sober and industrious man.

ARRESTED FOR CAR ROBBERY.

Following the reception of a telegram from Paintsville was the arrest of Charles Meade, of Owlesley county, and Lundy Howard and Wade Risner, of Magoffin county, charged with breaking into a C. & O. box car at the Paintsville depot and carrying away several pairs of shoes. The telegram came on last Sunday. The telegram came to Marshall Charles Ross, and about 4 p. m. he and night policeman Allen Wellman took the alleged thieves from a freight train in this city and lodged them in jail. On Monday the officers took them to Catlettsburg and delivered them to a U. S. Commissioner, who held them for examination on Thursday.

MR. MAYO'S ILLNESS.

It will be good news to a great many people to learn that Mr. J. C. Mayo is in a fair way to recover. A few days ago his condition became so serious that there was but little hope. Pneumonia developed in addition to other troubles, but this now seems to be almost out of the way. Two specialists from New York were called to Cincinnati in his case.

AGRICULTURAL MEETINGS ANNOUNCED FOR NEXT WEEK.

Fallsburg, Glenwood, Webbville and Olinville are the Points Selected.

Mr. E. S. Kegley, County Agent Department of Agriculture, has begun his work in this county, and is meeting a hearty and ready response from our farmers. He finds more work already cut out for him than he expected to find, but he will work with the farmers earnestly and practically. He is going at his business in a systematic way, as evidenced by the call which follows. The NEWS has already introduced him to our people, and they know what he intends to do. Attend the meetings designated in this call and learn how he intends to do your work with your assistance. The time has come for active business. You will regret it if you fail to cooperate with Mr. Kegley. His meetings for next week will be at the following times and places:

Each of these places represents a school district, and Mr. Kegley is anxious for the boys and farmers to be present or be represented in order that he can discuss boys corn clubs and farm demonstration work. Supt. Ekers will attend as many of these meetings as possible. It is intended to form a County Corn Club and boys between 10 and 18 years are urged to join. Let's have the banner club of the State. Premiums will be offered and lists will be made out later. Time and place of future meetings will be announced in the NEWS later.

ACCIDENTALLY SHOT.

On Tuesday evening, about six o'clock, as Mr. Chapman, a traveling man from Huntington, was riding along the county road just below the mouth of Lick creek, a shotgun was discharged and two shot struck him in the face, one just above the left eye and one in the forehead. Naturally much alarmed by the incident Mr. Chapman, who was coming to Louisa, hastily turned his horse, rode back a short distance and came into town by the hill road. He reported his adventure, and Marshall Ross investigated and found that two boys had fired into the air without any intention of shooting anyone. Mr. Chapman went to the hospital where his slight wound was dressed.

SNOOKS.

SERIOUSLY BURNED.

Tuesday morning, while engaged in clearing off her garden for the coming season, Mrs. Lydia Atkins, of this city, was seriously burned. She had raked the rubbish into a pile and set it on fire, when in passing near it her dress came in contact with the flame and in an instant her dress was ablaze. Her screams attracted the attention of her neighbors and several of them ran to her assistance. Mrs. Bascom Hale was nearest to Mrs. Atkins and as she ran to help her shouted to her to lie down on the muddy ground. Mrs. Hale reached a barrel full of water near Mrs. Atkins, but there was nothing to dip it with, and realizing that no time was to be lost she tore the burning clothes from Mrs. Atkins' body, but not before the unfortunate woman was badly burned.

Mrs. Atkins was carried into the house and Dr. Bromley was hastily summoned. He found that his patient had been very badly burned on her lower limbs and the back part of her body. Fortunately the more vital parts of the body had escaped much injury, and hopes are entertained for Mrs. Atkins' recovery.

In her brave efforts to save her neighbor Mrs. Hale's hands were very badly burned.

It is difficult to say which is the greater menace to human life, the blurring brush pile or the open grate.

VERY UNFORTUNATE.

Mr. H. M. Bissett, who recently bought and moved to the Link Burke farm, has become unbalanced in mind, and it was necessary to place him in restraint. Sheriff Stone and Marshal Ross brought him to Louisa Sunday and placed him in jail to await a trial for lunacy. Pending this examination the family agreed to take him to his relatives in his former home, Michigan, where they believe that complete rest of mind and body will restore him to sanity. They expect to leave on Friday. The farm has been sold, and a son will remain here a few days to settle his father's affairs.

CARD OF THANKS.

Mr. Ezra Hatten, through this paper, extends his heartfelt thanks to the very many who showed so much kindness and sympathy during the last illness of his wife. He appreciates all they did for her and will ever gratefully remember them and their good works.

SUCCESSFUL FACTORY RUNNING AT LOUISA.

Soft Drink Bottling Company Prides Itself on Quality of Product.

An interesting and important industry now being successfully carried on in Louisa is the business conducted by the Coca-Cola Bottling Co. The present is the season, and it opens with largely increased volume of trade, one which will greatly increase as the season of "soft drinks" advances.

The plant of the Louisa company is the largest in the valley, embracing as it does a large equipment of modern machinery and appliances, installed for the sole purpose of turning out and putting upon the market an aggregation of the best, purest and wholesomest carbonated waters that skill and experience and money can produce. Chief among them, because of its great and increasing popularity, is the refreshing and absolutely harmless Coca-Cola, at one time, through almost excusable ignorance, pronounced injurious to health. This belief, however, has almost entirely disappeared. No doubt the similarity between the words coca and cocaine, both in looks and sound, led to the opinion that because cocaine is a deadly drug Coca-Cola must be, too. Not a bit of it. Cocaine costs about sixteen dollars an ounce, and it is hardly possible that the makers of the pleasant drink would or could afford to use so costly a drug in their product. Coca-Cola is gently and refreshingly stimulating. So is your much prized morning cup of coffee, and the stimulating principle in both is identical—caffeine, and a cup of good coffee and a bottle of Coca-Cola, each, has about the same amount of caffeine. An indulgence in almost anything is hurtful. See what too much water did in the days of Noah. Cocaine is, as has been said, wholesome and refreshing, and as such is now used all over the country.

But this is not the only product of the Coca-Cola Bottling Co. Lemon ginger ale, Goldello ginger ale, lemon soda, lemon sour, strawberry, chocolate, vanilla, cherry cheer, peach mellow birch beer, root beer, and all flavors. These are carbonated waters, in variety to suit all tastes and likes.

The water which holds these various juices, syrups and flavors in perfect solution is the perfection of potable water, being colorless, odorless and tasteless. To get it a well 125 feet deep was bored on the premises, with the result that what was sought was obtained, an exhaustless supply of the desired liquid—pure water. It just had to be a perfect fluid, for the products of the works have the U. S. guarantee, and it had to be practically inexhaustible, for the concern uses about 100,000 gallons of water every month.

But to put this pure product into a dirty bottle would spoil the job right there and then, so they don't do it. Every bottle, when the finished product, either Coca-Cola or a carbonated water, is put into it, is as clean as, well, let's see. Well, we'll say as clean as the hands of a modern surgeon when he is ready to perform a capital operation! Nothing can be cleaner. The bottle is first dusted by holding it so that a brush revolving about 500 times a minute goes into it and makes it spotless and dustless. But this is not satisfying to the producer, so the bottles are inverted over jets of that clean water, and then a high power microscope would fail to reveal anything. The various products of the Coca-Cola Bottling Co. should satisfy the most fastidious—the NEWS was about to say the most finicky—lover of a delightful drink. Human fingers never touch the inner part of the bottles nor what is put inside of them.

The company, composed of reliable Louisa business men, did a big business last year and it has the capacity for, and will do, twice the amount of business this season. Its goods are first class, made at home under the best possible sanitary conditions and merit the large demand which they meet.

HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

Kind Words. They never hit the tongue nor lips and we have never heard of any mental trouble arising from this quarter. Though they do not cost much, they help one's good nature and good will. Soft words soften our own soul. Angry words are fuel to the flames of wrath, and make it burn more fiercely. Kind words make other good natured. Cold words freeze people, and hot words scorch them, and bitter words make the bitter, and wrathful words make them wrathful. There is such a rush of all other kinds of words in our days, that it seems desirable to give kind words a chance among them. There are vain words, and idle words, and hasty words, and spiteful words, and silly words, and empty words, and holier-than-thou words, and warlike words. Kind words also produce their own image. It is. They soothe and quiet and comfort the hearer. They shame him out of his sour, morose, unkind feelings. We have not yet begun to use kind words in such abundance as they ought to be used.

The Business of Life.

The task appointed unto us is admirably stated in a recent issue of Collier's. Nothing finer as to the stern business set before us has recently appeared in print: "To hold the vision of a final arrival at some fitting destination; to maintain undiminished a sense of personal worthiness; to be defeated in each foolish dream of the younger life, and so to be disciplined into a larger vision, made more sure by adversity; to be delayed for most of a lifetime, and yet to believe in the strength of human spirit to surmount pain, outlive sin and defeat malice and envy; to believe in the gradual but all-conquering power of good will; to be saddened but not embittered; to be beaten but not conquered. That is the stern business set before us."

Love.

Love is the flower of the soul. It is the holiest and sweetest of the heart forces which prompt our actions. It is more precious to most men and women than the wealth in the world, because priceless; it is one of the joys of Heaven. Though without price love is a gift, and can bear no relation to selfishness. Love is the sweetest, purest, and yet the strongest of all human influences. It will endure suffering, withstand trials and overcome temptations. Love lifts us out of our sordid selves, and then, only then we realize that the outgoing of love and helpfulness is but the incoming of "a peace which passeth understanding," a joy which fills the fountains of the heart.

The idea of character as the sum of the tastes and fixed choices, indicates the way in which we are to strive for position among our fellow-men. We are to strive for position

Mrs. Oldfogy—"I don't believe in new-fangled ideas. Old-fashioned ways are best. No Fels-Naptha Soap for me!"

Anty Drudge—"Some day you will wake up. You'll grow tired of the old-fashioned way of washing, with its long hours, washtub slavery and backache. Then you'll try the Fels-Naptha way."

It is natural to keep on thinking that one's own way is best. Which probably explains why there are still women enslaved by the old, hot, hard kind of washday.

But there are a million women who have gone over from the big range-fire, the overheated house, the steaming suds and smell, the scalded clothes and the hard-rubbing to the Fels-Naptha cool easy washday.

A cake of Fels-Naptha Soap, water just as it comes from the spigot or pump, and the directions printed on the red and green wrapper—and you are ready to wash or clean anything.

Fels & Co., Philadelphia.

by means of fitness for it. The world is full of men who are aiming at high places instead of good preparation. We need to aim first at our best selves. The ambition of too many young people terminates on preparation and fitness. The man, who by diligence and faithfulness makes the very most of himself, and makes himself fully equal to a station of honor and usefulness among his fellows, is the man who will get the parcel and adorn it. Let no young man fear for his place in life if he is thoroughly competent to fill it. There are scores of positions everywhere, into which crowds of applicants are trying to press, which still wait for the men that can fill them. The only certain royal road to success is through character and manliness.

After all, so much in this world depends upon the way you look at things. It may seem a little thing, this looking at life from a cheerful or dismal point of view, but it is in reality a very great thing. Put on a pair of blue spectacles and everything looks blue; green, and everything is green. And so it is with the eyes of our mind. If we take a cheerful view of things, life will be far brighter. We shall not see the faults in people, but their virtues. If we look for pleasant things we shall find them, or, at least, we shall think we shall find them, which is much the same. We are very apt to find what we look for; therefore, let us look for light and happiness. It is all habit. And it is just as easy to cultivate a cheerful habit as a gloomy one. And when once a habit takes a strong hold on us we all know how hard it is to shake it off. Let us then cultivate a habit of cheerfulness in all circumstances of life, and a habit of not finding fault. It is not the fault finders who are going to do the great deeds and make the world richer because they have lived. No; these fault finders who have no time for anything but fault finding. It is the cheerful people who help the world along, who make its great inventions and laws, who build its monuments, write its poems, and move, and who go down to the grave lamented with honor.

TAKES OFF DANDRUFF. HAIR STOPS FALLING.

Girls! Try this! Makes hair thick, glossy, fluffy, beautiful—No more itching scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

GAS OR INDIGESTION.

Each "Pape's Diapiesin" digests 3000 grains food, ending all stomach misery in five minutes.

Time is! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

Those large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

Men Fight On Their Stomachs

Napoleon so said. A man with a weak stomach is pretty sure to be a poor fighter. It is difficult—almost impossible—for anyone, man or woman, if digestion is poor, to succeed in business or socially—or to enjoy life. In tablet or liquid form

Dr. Pierce's Golden Medical Discovery

helps weak stomachs to strong, healthy action—helps them to digest the food that makes the good, rich, red blood which nourishes the entire body.

This vegetable remedy, to a great extent, puts the liver into activity—gives the machinery of the human system so that those who spend their working hours at the desk, behind the counter, or in the home are rejuvenated into vigorous health.

Has brought relief to many thousands every year for over forty years. It can relieve you and doubtless restore to you your former health and strength. At least you owe it to yourself to give it a trial. Sold by Medicine Dealers or send for trial box of Tablets—Dr. Pierce's Invalids' Hotel & Surgical Institute, Buffalo, N.Y.

You can have Dr. Pierce's Common Sense Medical Advisor of 1008 Pages for 21c.

"SYRUP OF FIGS" FOR CONSTIPATED CHILD

Delicious "Fruit Laxative" can't burn tender little stomach, liver and bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "fruit laxative" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

Remember, a Cascare tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, hachache, sideache, sleeplessness, and that everlastingly tired feeling?

Ground hog winter ended on Tuesday. It was the natal day of Ireland's patron saint, and the Kentucky Legislature adjourned on this date. No remarks, please.

The bill of Representative McDyer providing for State aid to roads was passed by the Legislature. Mountain counties should profit greatly from the law, and it will no doubt stimulate road building that the poorer counties will soon become self-sustaining. The enactment of the law was a great victory for Mr. McDyer.

The Kentucky Legislature adjourned Wednesday morning, after passing a bill limiting railroad fares to two and a half cents per mile, a workmen's compensation law, McDyer's State-aid road law, an improvement on the county unit law, and a number of less important bills. The defeat of the tax revision measure prepared by the commission is greatly to be deplored. Other good measures failed of passage.

The following has more interest to Louisa residents than it otherwise would have because Mr. Pigg is one of ourselves, a citizen of Louisa. If it prove of assistance to but one person in Louisa, it will have been well worth the telling.

G. E. Pigg, Cross St., Louisa, Ky., says: "For several years I was subject to severe backaches. I had much trouble in passing the kidney secretions. Sometimes the secretions were profuse, then again scant and highly colored. Doan's Kidney Pills were procured at the Louisa Drug Store, and they gave me the first relief I had received. After using this remedy, I enjoyed better health and entire freedom from kidney trouble. I have been well since. I am glad to confirm the endorsement I gave Doan's Kidney Pills several years ago."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Woodford, Mt. Sterling, Ky. This horse is of the very best Kentucky blood, being five gaited, broken to saddle and harness. It will be remembered that Taylor Bros. four years ago bought a very fine Kentucky horse and had the misfortune to lose him.

Being ambitious and determined to succeed in bringing the mountain counties to the front in the breeding of fine horses, they recently purchased "Sterling Chester" No. 4586, and have also bought and placed at the head of their herd a shorthorn bull, "Roan Star," No. 385322. Everyone who is interested in the betterment of live stock is invited to call and examine for themselves and see the difference between high bred stock and scrub stock. We will be pleased at any time you call to show you our stock. TAYLOR BROS., GLENWOOD, KY.

REAL ESTATE FOR SALE

A HOME THAT WILL PLEASE THE WHOLE FAMILY.

If you are looking for that kind of a home where life will be a pleasure, the days of drudgery past, come to Sciotoville, Ohio. It is a pleasure to farm on smooth land; it is a pleasure to drive on good roads; it is a pleasure to have the best of schools eight months in the year, good churches and Sunday Schools handy, and it is a real pleasure to haul off a load of produce and get the cash for it at the best market in the Ohio valley from Cincinnati to Pittsburgh. I have a fine list of farms for sale—the very choice farms in the country, and at prices that are reasonable—some with the best of terms. You need not be out of a home and pay rent if you can pay a small payment down then the farm will pay for itself. Land produces well here; you can raise any crop here that can be raised in Kentucky. I have some of the best stock farms in Southern Ohio. Fine Blue Grass farms at reasonable prices. Some good poultry farms for sale. Also dairy farms. If you want a farm better write me to meet you at Sciotoville. I do not live in town, so be sure and write me four days before you start. Come on No. 15 on N. & W. Always if you write me I will be at the station. Don't stop till you see me. I will meet you any day except Sunday. Don't delay. I have been gathering up the best farms of the country all winter long. You will be out nothing after you get here. If you write me I will do all I can to help you. Then if you buy I will help you get a team and proper farming tools. There is always some teams placed in my hands for sale; cows, chickens and everything you need. I have special arrangements with a wholesale furniture store that if you buy a farm from me you get all you need for the house at wholesale prices and save the middleman's profit. THE BEST CLIMATE IN U. S.

Come to Yuma, Arizona, the land of sunshine, no floods, no blizzards, no cyclones, sunshine 365 days in the year, 12 months' growing season and haying in January; 12 tons of alfalfa hay per acre annually; the greatest cotton country on earth; oranges, lemons, grapefruit, peaches, grapes, apricots, dates figs and other fruits and melons produce more bountifully and reach the markets earlier and consequently bring better returns than from any other section of the United States. Fruits are not grown anywhere else in the world with the quality of flavor of the Yuma fruits. Crops will bring annual returns of from \$100 to \$1200 per acre annually. You may live here in comfort and happiness, surrounded upon every side by smiling prosperity. Ten acres here is better than a life-time salary of \$125 per month; twenty acres will in a short time make a large family independent, while forty acres, if properly handled, will bring a good fortune in a few years. Our water supply is unlimited, being diverted from the Great Colorado by the U. S. Government's \$8,000,000 irrigation project. Why live in the land of floods, snow, sleet and ice, cyclones and blizzards and eke out a mere existence when there is open to you the lands of the wonderful Yuma Valley; where exists perpetual sunshine, prosperity and happiness, where life is worth living. Having grt, sell your holdings or mortgage for all you are able and come NOW. For literature address **McCLURE REALTY, LOAN AND TRUST CO.**, 352 2nd St., Yuma, Arizona. St-pd-4-10

PIKE COUNTY NEWS

Jas. L. Phelps, of Pikeville, is authorized to accept and receipt for subscriptions to the Big Sandy News

SMALLPOX.

At the present time Pikeville has two cases of smallpox, Mollie Thomsbury and Mrs. W. E. Yost. The latter's husband has just recovered from an attack of the disease, and other cases exposed to him may possibly develop. The patients have been confined to their homes, but no guard has been stationed at either place, and people run unnecessary risks in passing.

Dr. J. W. Vickers is the health officer at the head of the Board of Health of Pikeville, and he has practically the entire management of the situation in his care. Although several cases are also reported as having developed at Elkhorn City, he does not think it necessary to take active measures to check its further spread.

BAPTIST MEETING.

The usual second Sunday meeting of Baptists under the leadership of Rev. N. T. Hopkins, took place in the open air just across the river last Saturday afternoon and Sunday, and the old-time congregation was present, including Baptists from every part of Pike, Floyd, Knott and Letcher counties. Thomsbury, and Mr. Owens is the brother of Patrick Owens, who owns the general store at the end of the street.

BOND ELECTION.

An election will be held at the court house on Saturday, March 28, as a preliminary step to issuing bonds for the purpose of raising funds to purchase ground and erect a new public school building within the limits of the city of Pikeville. The total cost of such an undertaking will approximately be \$50,000; but the school is badly needed, as the one now in use is in a decayed condition, unsanitary, and too small to do justice to the army of young people now seeking education in our city. The time required to pay off these bonds extends over a long period of years, and the tax increase will be so small that the taxpayers will not feel the burden. Every citizen should gladly vote his approval of the measure and give the children of Pikeville and Pike county

a fair chance, both of the present and the future, to acquire the education they must have in order to keep pace with the world.

The old building has seen twenty years of faithful service, and in that time it has well paid for itself, but the cost of constantly keeping it in repair is a needless expense that would not be necessary with the new school in use. The sale of it, with the grounds, which are now in a hopeless condition, would go far toward defraying the expense of the new one; besides, children cannot be properly educated unless they are surrounded with fitting playgrounds as a means of recreation. Let your vote be for the bonds.

TWO ACCIDENTS ON SHELBY.

A hand truck left the track and fell several feet over railway bridge No. 13 on Shelby creek last Thursday, and struck William G. Tuckett, who was at work under the bridge. He was badly injured. Other men were on the truck when it went over the bridge, but so far as can be learned none of these were hurt.

Samuel Roberts was badly hurt while felling trees in the woods near Virgie, on Shelby creek, last Thursday. A large tree, which he was cutting down, fell upon him, and broke three of his ribs and collar bone. He may die from his injuries.

THE STRATFORDS.

The Stratford Quartet, vocalists and instrumentalists, and musicians of extraordinary ability, will appear in Lyceum interpretation at the Presbyterian church tomorrow evening, March 21st, at 7:30. This is an opportunity for Pikeville lovers of the best music to hear the master works of the world's best song writers interpreted by musicians of skill both in the vocal and instrumental field.

\$6,000 FOR CHILD'S EYE.

Carl Massey, aged four, recovered a verdict for \$6,000 against the Allegheny Coke Co. in the Circuit Court Tuesday afternoon for the loss of his eyes, which was said to have been caused by a blast when the company was preparing to build its tipples at Heller on January 2, 1913. A stone from the blast flew across the branch, passed through the window of the child's home and struck him on the side of the face. It is alleged, knocking out the eye. The attorneys for the plaintiff were Childers & Childers, Roscoe Vanover and A. L. Ratliff.

MISSIE TRAIN, GETS \$200.

Hawkins Coleman recovered a verdict against the C. & O. Railway Co. in the Circuit Court here Wednesday for \$200 because a train which he and Mrs. Coleman intended to board at Mossy Bottom for Marrowbone failed to stop long enough for them to get aboard. Mr. Coleman was some yards separated from his wife when the train left the Mossy Bottom station, but Mrs. Coleman had already climbed aboard. She soon discovered that her husband was not on the train and got off at Coal Run, the next stop, and walked back to meet her husband. They had intended to go to Marrowbone.

LETCHER COUNTY.

Whitesburg, Ky., March 17.—The Letcher Fiscal Court has been in session here for several days working out the problem of getting good model roadways throughout the county, also solving the matter of the further completion of the road between Mayking and Kona, six miles, making it a model in every sense of the word. It is said the necessary arrangements will be made looking to the very early completion of the Mayking-Kona road, and in a way that will make it an example for future road building in Eastern Kentucky. Justice William Blair has been circulating a petition praying for an election to be held to vote bonds to build good roads in every section of the county, and is meeting with splendid success. The matter will carry largely when it is thoroughly known that the corporations will pay at least 85 per cent of the taxes necessary.

CATARRH OF THE THROAT

Is Liable to Produce Catarrhal Deafness

CLARENCE BOWMAN.

A Case of Catarrhal Deafness.

Mrs. Wm. Bowman, R. F. D. 1, Coon Rapids, Iowa, writes:

"Some time ago I wrote you about my little boy, Clarence, five years of age. He was troubled with his ears. They were very sensitive to the touch, and he was quite deaf at times. He seemed to be worse after catching cold. I had taken him to doctors, but they did not seem to be able to relieve him, and I was very much afraid he would lose his hearing entirely. He was getting more deaf every day."

"I wrote to you for advice, and you prescribed Peruna. I began giving it to him, and can now say that he is entirely cured. He is now well and hearty and can hear perfectly."

Catarrh Causes Many Diseases.

Many diseases are caused by taking cold. A cold is very likely to settle in the nose, causing nasal catarrh. It may settle in the upper part of the throat, called the nasal pharyngeal space. In this space are two little tubes called eustachian tubes, that lead to the middle ear.

If the catarrh settles in the pharyngeal space it may follow the mucous membrane through the eustachian tubes into the middle ear. If it does it will cause noises in the ear, and later on be sure to cause deafness.

Catarrh of the throat may follow the eustachian tubes up into the middle ear without causing much concern on the part of the patient. The par-

tial loss of hearing is apt to be overlooked. A person may lose half his hearing before he knows it.

For instance, suppose a man can hear his watch four feet from the ear. If he loses his hearing to the extent that he can only hear the tick of his watch two feet from the ear he may not suspect it at all. His hearing is good enough for ordinary purposes. He goes on without the slightest suspicion that he is losing his hearing. He may have ringing in the ear, or cracking and snapping sounds in the ear, or a feeling of pressure in the ear, but he is not aware that he is losing his hearing.

Testing the Hearing.

It is a good thing to test your hearing with a watch. First hold the watch against your ear, then move it gradually away from the ear and see how far away from the watch you can actually hear it tick. Try it on the other side and see if both ears are alike. If you find that you are unable to hear the watch on both sides alike and at a distance of four feet from the ear, you may know that deafness has already begun. You should begin taking Peruna at once. Gargle the throat with cold, strong salt water, as directed in the "Hills of Life," sent free by Peruna Co., Columbus, Ohio. Peristaltic in this treatment until a cure is effected.

The Best Way to Gargle.

Sometimes catarrh of the nasal pharyngeal space will cause an accumulation of secretions in the throat, that completely fill the space. Unless these secretions are promptly removed by frequent gargling, polyp may be formed. Once formed the polyp or adenoids, as they are sometimes called, will require a long time with the gargling to remove. Gargling according to the proper method will sometimes remove polyp or adenoids, and no surgical operation is required.

In order to understand exactly what is meant by proper gargling send for a free copy of the "Hills of Life."

During the whole course of gargling Peruna must be taken according to directions on the bottle.

People who object to liquid medicines can now obtain Peruna Tablets.
